The inaugural KEHP 15-Day Dash ended on September 30. Over 11,000 KEHP members participated.

Combined, KEHP members walked more than **1.7 billion steps**, enough to circle the earth 32 times!

Below is the link to the results from our 15-Day Dash. This proved to be a tremendous success in terms of participation and engagement. Not only was there healthy competition but also a sense of community spirit to increase physical activity.

We hope to continue engaging our members in events such as this in the future.
